Company Overview

Dai Nippon Construction is a general contractor established in 1944. We have begun engaging in overseas projects since 1980 and completed both civil engineering works and building works in over 53 countries around the world including 23 countries on the African continent. Our aim is to provide quality-assured “speedy”, “high cost-performance” and “superior” services to our clients with the technology and the know-how accumulated from our rich experiences over 70 years.
