Providing Services

CACIQUE CORPORATION was established in 2018 as a company providing consulting services primarily related to construction in the international market. The company mottos are COSMOPOLITAN-cross-border business, ALLIANCE-reliable partnership, CONFIDENCE more than NDAs, INTEGRITY-trustful service.

Our services include new market development, feasibility studies for new projects, business feasibility studies, regulatory and incentive studies, partner identification, construction orders, and risk management. These services are provided by our overseas business experts who have a wealth of experience, creative ideas, and a network that has been cultivated.

Our clients include domestic and foreign government agencies, public offices, procurement agencies, construction companies, consultants, and construction material manufacturing companies.

Current areas of activity include Africa, the Middle East, Asia, and Europe.

COSMOPOLITAN

Cross-border Business

We believe that the Success of International business can be secured only by who has Cosmopolitan mind of business. ☒

ALLIANCE

Reliable Partnership

We know that making a reliable partnership is difficult because of cultural differences between one country and another. ☒

CONFIDENCE

More than NDA

We only start everything after signing Non-Disclosure Agreement to release from any risk of your business

INTEGRITY

Trustful Service

We provide the quality of service higher than you expect with smooth communication at any moment you need.

Project Achievement / Technical Expertise

Achieved and Ongoing Experiences: Medical and Hazardous Waste treatment project in Kenya, Supply of Incinerator for Medical Waste in Kenya, Supply of Mobile PCR Test Sampling Lab in Kenya, Infrastructure projects in Cote d'Ivoire, Industrial Water Production Project in Tunisia, Bridge Rehabilitation Project identification in Morocco, Road Maintenance and Repair Products in Senegal, Creation of Road Construction Company in Myanmar, Creation of Plant Engineering Company in Myanmar, Air Purifying Product Marketing in Vietnam, Scaffolding Rental Marketing in Vietnam, Assistance to International Civil Engineering Companies in various countries, Urban Transportation Study in Japan.

N.B. For most private contracts, we have NDAs in place, so we are not allowed to disclose client names or activity details.
