Providing Services

Taisei Corporation ("Taisei") is one of the five major and large sized General Contractors in Japan. It was founded in 1873. Taisei has a multi-disciplinary organization, including divisions such as Building Construction, Civil Engineering, Design, Engineering, Sustainability Management and Clean Energy & Environment Business Promotion, Urban Development, Taisei Advanced Center of Technology and so on. Its annual turnover is approximately 12.6 Billion US\$.

Taisei started its overseas business in 1962, and currently has 14 branch offices and 7 subsidiaries all over the world.

Based on our long and ample experience, we, Taisei, are able to provide any kind of services related to construction, such as design and build of Airports, Roads, Bridges, High-Rise Buildings, Power Stations and Urban Developments.

Our business philosophy is to deliver our projects on time with high quality in order to obtain Client satisfaction for further long-lasting relationship.
